

A Night Under the Stars

Join us for an unforgettable night under the Southern Hemisphere stars

Perth Observatory's knowledgeable and passionate volunteers will guide you on a captivating tour of the cosmos, showcasing some of the most stunning objects in the night sky.

Witness the breathtaking beauty of nebulas, marvel at enormous stars, and catch a glimpse of the red planet Mars. This is a rare opportunity to experience the wonders of the universe firsthand and leave with a newfound appreciation for the mysteries beyond our planet.

Don't miss out on this incredible adventure!

Irwin Recreation Centre Oval
Monday April 24
7:30pm onwards
